Larry's Lines

Run With Patience

'For You Have Need of Endurance, so that you may do the will of God and receive what is promised." Hebrews 10:36)

An old horse trader, a weather-beaten man in his 80's, was trying to explain his success to a TV Reporter. "I feed'em, train'em, groom'um, and trade'um. I guess after 50 years you're bound to learn a little something about horses.' According to his theory, the main ingredient was patience.

Patience is needed in almost any successful undertaking, and must not be discarded in christianity. Life is often a repetition of days when nothing new arises, and some can lead to a sense of hopelessness. As long as we can see some great accomplishment and take long strides, we are excited and happy, but let the ordinary set in and we cry, "I'm bored." Don't be misled, it's going to take stamina and endurance to continue steadfastly in the faith.

From the time we are baptized into Christ until the day we "die in the Lord" there will be days when:

> We are discouraged and blue; Our health is bad; Someone has offended us; We have been slighted; Financial reverses over take us; Love ones die: A friend forsakes us; Family problems overtake us; Doubts unsettle our minds; Or we grow weary with life.

However, we must keep on running even then...Especially then. We can't afford to let the bad days get us down when there is a crown to be won. Too much has already been invested in the race to just pull out now. Here is where patience comes in the picture. As Jesus said, "He who endures to the end will be saved." (Matthew 10:22)

The Race is long and hard, but with patience, it can be won.

Have a Great Week Larry

UPDATE

Carolyn May Burns came home from the Hospital last night. She had been diagnosed with Wolff- Parkinsons- White. She is on a monitoring system and medication. She will have to have a procedure done when she is 8 or 9 that will hopefully take care of this problem but there is also a good chance that she may discontinue her medication in a couple of years. She won't grow out of it but sometimes the extra pathway can just stop working. Cynthia said that if her hearts runs too fast for too long it could cause permanent heart damage but at the moment she seems to be doing fine. Cynthia also said that Ron might come home in the next 5-7 weeks. The whole family would like to thank everyone for their past prayers and continued prayers.

Notices

Our children are very important to us. We want the very best for them however, the food that they are given during our worship service is creating some cleaning issues on our pews and floor. We would like to ask that if you bring something for your children to eat, that you bring something that will not leave a lasting impression on our pews. We understand that accidents do occur. If the little ones do drop something, we simply ask that you clean it up immediately so it doesn't get ground into the fabric or carpet and cause a permanent stain. We appreciate everyone's cooperation in this matter. THE ELDERS
